1. A new road, six meters wide, has been constructed from Ihtiman to Muhovo. Work on the construction and extension of the road from Muhovo to Tatar Pazardzhik has already started.
2. The railroad line from Lovech to Troyan is almost completed. This line runs along the right hand side of the road going from Lovech to Troyan, and at some points the road and railroad cross. A plan has been worked out for the extension of this railroad line to Karlovo. A tunnel, nine kilometers in length, is now being constructed between Troyan and Karlovo.
3. Hydraulic works are being constructed near Muchovo.
